

DANCE OF THE SHEEP

Text and music by Nancy Raabe (c. 2018)

When the sheep - herds came out that night
 They ran to the sta - ble to see
 all the stars were shi - ning bright.
 what this thing could pos - sib - ly be,
 They had no i - de - a what was
 and there in the man - ger was a

just a - bout to hap - pen: Then the sky was filled with light
 it - my lit - tle ba - by: A Sav - ior for you and me.
 They fell to the ground in fear
 Now the world is filled with light
 as an an - gel said for all to hear,
 by the ba - by who was born that night,

"Do not be a - fraid, my child - ren,
 bring - ing joy, and hope, and love: for the Sav - ior of the world is here!"
 Oh, the sheep - herds leaped for joy and the night was filled with mu - sic, the

mu - sic of won - drous love. All the sheep joined in the dance - ing, their hooves all click - a - clack - ing at this news from heaven a - bove.
 1. bove.
 2. bove.
